THREE EAGLES FOR WILSON.

New Yorker Sends President American Bird Which is Given to Zoo.

(BY A. P. DAY WIRE.)

WASHINGTON, April 24.—President Wilson today received the third eagle sent him in two months. It came from John Schels of Port Jervis, N. Y., who said it was caught in Sussex county, N. J. The eagle was sent to the local zoo.

October 2, a returned Irish prisoner reported that Sir Roger Casement had visited the prison camp at Limburg and vainly tried to induce Irish prisoners to join an Irish brigade he was said to be raising in Germany to fight against England. It was reported short time ago that Sir Roger had applied for citizenship in Bavaria. Later came a report from a neutral country that he had been arrested in Germany on an unspecified charge.

CASEMENT'S OFFENSE.

The offense for which Sir Roger Casement was wanted particularly by the British authorities is his affiliations with the German government in Berlin since the start of the present war.

In December, 1914, a pamphlet written by Sir Roger was issued in which he was said to have been passing through Christiania, the capital of Norway. He charged that M. de C. Findlay, the British Minister, acting under direct orders from Sir Edward Grey, Foreign Secretary, made overtures to Sir Roger's valet and offered the valet \$15,000 if he would assist in kidnapping Casement and handing him to a British warship which would be lying off the Norwegian Coast.

UNIONITES ON TRIAL.

Over Score of Them Arraigned.

Twenty-five Higher-ups of the Organization are Charged with Conspiracy.

All Plead Innocent of Any Participation in Chicago's Reign of Terror.

Agitators Hear that Some of the Number Have Turned State's Evidence.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

CHICAGO BUREAU OF THE TIMES, April 24.—The union labor conspiracy trial, which is expected to produce sensational rivaling those which made the dynamiters trial at Indianapolis several years ago an international topic, opened today before Judge Scanlan in the Criminal Court.

The men, the State charges, were responsible for the long reign of terror and destruction, riding through the streets in automobiles, breaking windows, slugging and shooting those who opposed them, defacing newly-painted buildings, tearing out electrical and gas fixtures and burning buildings.

Twenty-five labor leaders were placed on trial on charges of boycott, conspiracy, malicious mischief and extortion as well as the painters' strike of last year. Defended by the ablest criminal lawyers they could procure, officers of the unions and alleged sluggers were arraigned and pleaded not guilty.

They were indicted under 151 counts in forty-six indictments. Twenty-six others who were not arraigned escaped prosecution on the conspiracy charges by the quashing of indictments. They are liable for trial later on the other counts.

The case of one defendant, Axel Alex, head of the woodworkers, who was killed by a member of his union, was continued to a later date.

His death, Judge Scanlan ordered the indictment "abated." Two others, Joseph P. Murphy and Charles W. Hanson, were charged under the same indictment, failed to answer. They are fugitives from justice.

THE DEFENDANTS.

The defendants placed on trial are: William E. Geimer, president Painters' District Council; Lawrence Lindholm, secretary, and the following business agents of the same organization, John White, Frank Curran, George Tuckwell, Herman Kellman, Joseph Gordon and Charles W. Hanson.

Hugo H. Kestner and Harry Kestner, business agents of the same union.

Ray C. Stewart, business agent Wood Finishers' Union.

William F. Kestner, business agent Fixture Hangers' Union.

Fred Mader, assistant business agent same union.

Jack Cleary, Raymond Cleary, Thomas Kelly, former business agents Electrical Workers' Local No. 124.

John H. Murphy and Charles Crowley, assistant business agents same local.

Thomas Hipp, William Klemm and Robert C. Layton, alleged window smashers and vandals.

John B. Johnston and Lawrence Simon, saloon-keepers, who conspired with the conspiracy indictment, a "pay-off joint" for the unions.

ESCAPE PROSECUTION.

Those whose cases were nolle prossed as to the conspiracy indictment were:

Charles H. Brown, Down L. C. Gardner, Charles Casey, Thomas H. Flannigan, Charles Gibson, Frank H. Gardner, Frank Hayes, Edward Hammond, "Smash Hanson, Elmer Hitt, Edward Kenney, Herman Kellman, Ben Kellman, Julius Lichtenstein, Fred McQuade, James McCullough, Thomas Walsh, Herman H. Witt and Edward Woodward.

The reason for quashing these indictments was varied, some of the cases not being capable of proof and the defendants in others having turned State's evidence.

EXPLANATION.

"This does not mean that these men are to escape cost free," said Assistant State's Attorney Marvin E. Barnhardt, who is to prosecute the case, aided by Edward J. Raber and Nicholas Michels of the State Attorney's staff.

"The other indictments stand and there are enough counts to send them to prison for the term of their natural lives."

The defendants were represented by seventeen lawyers identified at different times with union labor defenses.

SPECIAL GUARD.

A special guard of balliffs was provided to handle the large number of lawyers, witnesses and sympathizers who thronged the courtroom, its corridors and ante-rooms and overflowed into the main lobby of the building. Judge Scanlan warned the crowd at the outset that any person making the slightest demonstration would be summarily dealt with.

Judge Scanlan overruled a motion to quash the indictments. The State announced its readiness to proceed on fourteen counts for conspiracy to extort, to do acts of malicious mischief.

WARLIKE PREPARATIONS BY THE UNITED STATES.

Guards Doubled and Sentries Armed at the Navy Yards.

Inspection and Survey of All Privately-owned Vessels in the California District Ordered at Vallejo—Authorities Insist There is "Nothing Unusual" in the Measures Now Being Taken by the Government.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

PHILADELPHIA, April 24.—Guards were doubled, sentries fully armed, silently paced their posts, visitors were carefully scrutinized and no packages were permitted to pass the gates at League Island today, and still the officers declared "it is nothing unusual." Not a ship in the yard is now left open for the inspection of visitors and in addition all streets leading to the docks have been closed and placed under guard to prevent visitors even going near them.

From one end to the other the navy yard presents a spectacle of unusual activity, activity that cannot be seen at once on the surface. The usual crowds of marines and sailors who assemble to watch baseball games were absent. At the one game in progress just six marines stood on the sidelines as witnesses.

Every other person in the yard was busy, some doing picket duty, others helping to repair the ships and others hurrying through repairs under the direction of expert mechanics.

Commandant Russell received a number of dispatches this afternoon and could not be seen. The captain of the yard spoke for him and declared that as yet League Island is not on a war basis and that the measures are solely precautionary.

AS IF FOR EMERGENCY.

(BY A. P. NIGHT WIRE.)

VALLEJO (Cal.) April 24.—Orders were received at the Mare Island Navy Yard today directing an inspection and survey of all privately-owned vessels in this district that might be available as auxiliaries in time of war.

The order directs that a report be made in the Navy Department on all details of the work that would be required for the conversion of such vessels into auxiliaries of the government or private yards at which the necessary work could be done within fourteen days after the declaration of hostilities by the United States. It is also ordered that the owners of all vessels suitable for auxiliary service be instructed to report to the ship yards to be designated immediately in the event of war.

A board of naval officers on duty at Mare Island will be named to make the surveys and submit estimates as to the cost of the work.

MEXICANS URGE US TO HURRY; LANSING REPLIES "MANANA."

Diplomatic Agent of the Carranza de Facto Government Wishes Us to Speed Along the Withdrawal, but the United States Insists on a Conference First.

(BY A. P. NIGHT WIRE.)

WASHINGTON, April 24.—Further developments in the Carranza de Facto Government's relations with the United States and the de facto government of Mexico now await personal discussion of these subjects by the senior military advisers of the two governments.

A conference between Maj.-Gen. Hugh L. Scott, Chief of Staff of the American army, and Gen. Alvaro Obregon, Minister of War of the de facto government, was arranged late today to take place probably in Juarez. Gen. Scott is now in San Antonio, Tex., and Gen. Obregon is thought to be already on his way north from Mexico City. They will meet in the next few days.

Announcement that Gen. Carranza had agreed to the conference was made by Elias Arredondo, Mexican Ambassador designate, who paid a second visit to Secretary Lansing today to communicate the fact. Secretary Baker was promptly informed and the information was transmitted to Gen. Scott.

Mr. Arredondo called at the State Department today.

NEW YORK BUREAU OF THE TIMES, April 24.—A code book containing the secret cipher used by Ambassador Von Bernstorff and his aides in this country has been found by agents of the Department of Justice among the papers of Von Igel, a German agent in Japan.

The exact nature of the exchanges has not been disclosed, but it is believed that the code book was used to communicate with the German government in Japan.

SLAVS EN ROUTE TO FRANCE MAY PASS THROUGH AMERICA.

NEW YORK BUREAU OF THE TIMES, April 24.—Information from an authoritative source in France, in close touch with the inner circles of the French government, shows that the recent detachment of 20,000 Russian troops, whose arrival at Marseilles was made the subject of a considerable public demonstration, was by no means the last of the Russian contingent to land on French soil. It appears, moreover, that the first consignment of Russians, amounting to 20,000 in all, is only the vanguard of an army of 300,000, for at least 250,000 of whom complete uniforms and equipments are being sent to them.

The greater part of them are reservists and consequently trained soldiers. There are many young men among them, however, who have never seen military service, and several months will be required to get these latter in shape for the front.

During the past three weeks a column of French sentries has surrounded their camp, permitting no one to leave and no stranger to enter. Why the French government with the arrival at Marseilles of the second portion, or 20,000, of the first contingent of 80,000, of the first policy of concealment and permitted it to be known that Russians had arrived is not known. The Los Angeles Times is informed that French and British manufacturers already have completed and delivered 250,000 complete sets of uniforms and equipment for their use when they arrive.

Not all, however, are expected to journey by the Suez Canal route. Great numbers will cross the Pacific and Canada—some of them possibly journeying on American railroads as private individuals—and embark on transports being assembled for them in Canadian ports.

No decision, so far as known, has yet been reached by the French high command as to what part of the western front will first see the Russian uniforms. The probability, however, is that they will be ordered wherever the need for them is greatest, and that before June at least a division of them will be in action.

Objections to the Mountain Rates.
WASHINGTON, April 24.—What the Panama Canal will mean to the transcontinental railroads, the House Commerce Committee said today. It lies in the fact that the canal will mean a new line of steamship lines which will connect the coast to coast, testimony of the committee. The committee heard two witnesses, H. P. Hamilton, general manager of the American-Hawaiian Steamship Company, and H. E. D. Jackson, president of the American-Hawaiian Steamship Company. The latter with twenty-two years of experience in the canal, testified that the canal would mean a new line of steamship lines which would connect the coast to coast, testimony of the committee. AMERICANS CAMP NEAR NAMQUIPA.
HEAVY DETACHMENTS GUARD LINE OF COMMUNICATION.
Mexicans Believe the Conference Between Gen. Huerta and Oregon Will Result in the Withdrawal of the Punitive Forces.
EL PASO (Tex.), April 24.—Formation received here today of an American mining concern in a large interest in the Guadalupe district stated that the majority of American troops were now concentrated near Namiquipa. Two battalions, according to the same source, were sent to the same mine. There were 2000 United States troops camped at San Antonio, 100 miles southeast of Namiquipa, and a very large quantity of supplies. It is said that at present there are not more than 200 troops at San Antonio, the remainder having been withdrawn north. According to the most reliable information obtainable here Gen. Huerta has concentrated his forces in Namiquipa and Colonia Dublan, heavy detachments guarding the communication line. This movement caused considerable alarm to the American mining concern, which is preparing to withdraw from the district. A speedy withdrawal of the troops is said to be the desire of the mining concern. The formation of the conference between Gen. Huerta and Oregon was received with satisfaction here. The confidence that it meant an end to the recall of the American troops.

SALAZAR LOCATED CLOSE TO OJINAGA.
PRESIDENT (Tex.) April 24.—Jose Inez Salazar, the commander of the Huerta forces, who crossed the border from El Paso two weeks ago after issuing a declaration of independence, was reported today to have been located within thirty miles of Ojinaga, the Mexican town across the border from here. Salazar sent a letter to Col. Jan, the commander at Ojinaga, offering to put any objection to the way of the President. He is in the desire to see the Senate shares and as we have reached the European vortex, I intend to draw up the attention of the committee to the fact that the world's tragedy is a concrete form, without doubt, could lead, would be the time to live and

TRENCH FOOT NEW MALADY.
European Soldiers Afflicted with Illness Cannot Enter America.
PORTLAND (Or.) April 24.—Trench foot is a new disease, which has been added to the list of ailments which, if contracted by former soldiers of the European war, will bar their entry into the United States. Orders were received here today from Washington by J. H. Barbour, United States immigration inspector, calling his attention to the disease and instructing him to guard against the entry of soldiers suffering with it. The disease is contracted by soldiers through their remaining in the trenches through long periods at a stretch.

The President will also plant a tree. The President will remain in Princeton only a brief time, leaving Washington tomorrow morning and returning tomorrow night. Mrs. Wilson will accompany him.

DELIVERY OF CARS RULING IS MADE.
WASHINGTON, April 24.—The Supreme Court today decided that under the Federal law a railroad and a consignee could not agree to stop the delivery of cars to him for his benefit. The case involved the right of the Chicago and Northwestern Railway Company to recover storage charges on cars consigned to the Menasha Paper Company of Menasha, Wis.

MUST GIVE NOTICE OF STOCK INJURED.
WASHINGTON, April 24.—The Supreme Court today decided that shippers of stock injured in transit, who lack of notice of the injury, must give notice of the injury to the carrier before they can recover for the loss. The court held that the carrier must give notice of the injury to the carrier before they can recover for the loss.

HIGH LIQUOR TAX IS HELD INVALID.
WASHINGTON, April 24.—The Texas statute of 1907 imposing a tax of \$5000 a year on each place handling liquor cash on delivery, was held invalid today by the Supreme Court as an interference with interstate commerce. The Webb-Kenyon prohibition law was not involved, the case arising before its enactment.

NIGHT SESSIONS OF THE SISAL CASE.
WASHINGTON, April 24.—Night sessions were begun tonight by the Senate subcommittee investigating the sisal industry in an effort to hurry through its work. The inquiry into the charge that New Orleans bankers financed Yucatan planters so they might withhold their crops for higher prices at the expense of American farmers has been on since early in February, and the International Harvester Company, accused in turn by the planters of conspiring to control the sisal crop for its own benefit, still has several witnesses to testify, including the president, Cyrus H. McCormick.

NEW CHINESE CABINET
SURE PEACE WILL COME.

[BY PACIFIC CABLE.]

PEKING, April 24.—Confident in the ability of the new Chinese Cabinet to restore peace was expressed today by Tzu Chi-Jui, who on Saturday accepted the Premiership, in an interview granted to the correspondent of the Associated Press. The first task of the Cabinet, he said, would be to restore tranquility.

"Yunnan (in which the uprising started) and Kwei-Chow provinces undoubtedly will fall in line with the reorganized government," Tzu Chi-Jui continued. "Tzu Ao (the rebel leader) is very reasonable."

"Peng Kwo-Chang (commander of the imperial forces in the Yangtze Kiang region) is now settling the difficulties in the Yangtze Kiang provinces and doubtless will succeed in his efforts. Kwang Tung is the only province in which fighting is now going on."

"Some of the demands made in the southern provinces are unreasonable, but I believe everything soon will be adjusted."

In reply to a question regarding the respective powers of the President and the new Cabinet, the new Premier said:

"The military hereafter will be under the Minister of War. It has been found that it was not good for the country to have the army solely under the President. In event of a declaration of war the President will act upon the advice of the Cabinet. The state council has been dissolved, and the Cabinet will direct a Parliamentary election, to be held within three months. The new Parliament will promulgate a Constitution."

The first formal meeting of the Cabinet will be held tomorrow.

The new Cabinet is constituted as follows:

Premier and Minister of War—Tzu Chi-Jui.

Minister of Foreign Affairs—Lu Cheng-Hsiang.

Minister of Interior—Wang Yih-Ting.

Minister of Finance—Sun Pao-Chi.

Minister of Marine—Admiral Liu Kuang-Hsun.

Minister of Education—Chang Kuo-Kan.

Minister of Justice—Chang Tsung-Hsiang.

SHANGHAI, April 24.—Two hundred and sixteen members of the National Assembly met here last night and unanimously adopted a resolution denouncing President Yuan Shi Kai's mandate creating a Constitutional Cabinet and refusing to accept any solution of the political situation that included Yuan Shi Kai as President. It is understood that two prominent foreigners recently approached leaders of the southern party asking guarantees and only matters of the greatest importance will be referred to the President for decision.

The military hereafter will be under the Minister of War. It has been found that it was not good for the country to have the army solely under the President. HURRY CALL FOR GERARD.

Ambassador Summoned to Hollweg's Palace.

Powerful Influences in Germany to Prevent Break.

Secretary of State Gets Confidential Dispatches.

(BY ATLANTIC CABLE AND A. P.)

BERLIN, April 24, 12:30 p.m. (via London, April 24, 12:32 p.m.)

The American Ambassador was called by telephone to the Imperial Chancellery's palace this morning. He went immediately and he remained there for an hour and ten minutes.

When he came from the conference, Ambassador Gerard declined to give any information as to the nature of the discussion and would not answer questions as to whether anyone else was present.

It is understood that the German reply to the American note will be delivered before the Imperial Chancellery has another opportunity to confer with the Emperor.

Dr. Von Bethmann-Hollweg devoted the afternoon to conferences on the submarine questions with Admiral von Holtzendorff, Chief of the Admiralty Staff. Several of the higher diplomatic officials participated.

PEACE INFLUENCES.

(BY A. P. NIGHT WIRE.)

WASHINGTON, April 24.—Indications that powerful influences in Germany are opposed to the action by the Berlin government which might lead to the severance of diplomatic relations with the United States are understood to be contained in confidential dispatches received here by the State Department from Ambassador Gerard.

Socialists and labor leaders are represented as being particularly adverse to any such move.

Other dispatches from Mr. Gerard were said to contain strong intimations that the Berlin government would make some concessions to the United States in reply to the note demanding the immediate abandonment of the German submarine warfare. It is still uncertain, however, whether the concessions will be sufficiently broad in their scope to meet the American demands.

Officials allowed it to become known that Mr. Gerard's dispatches to the United States, Mr. Gerard is understood to have gained his views during conversations with Berlin officials, including Foreign Minister von Jagow.

FAIR SEX WILL HAVE BUSY DAY.

Flying Squadron to Celebrate Republican Day.

Ohio Orator is Coming Back to Close Campaign.

Prominent Speakers Going to Santa Barbara Rally.

FAIR SEX WILL HAVE BUSY DAY.

Following are meetings to be held by Republicans tonight in the interest of the candidates of the "Bordwell-Chapman" nominees for delegates to the national convention:

Masonic Hall, No. 4707 1/2, South Vermont avenue, speakers, Assemblyman, Harry Chamberlain, Frank Doherty and George C. Watson; Rose Hill schoolhouse, Avenue 21, schoolhouse, The Times Assembly Room.

Organization of the "flying squadron," consisting of fifty pretty young women, which will make a thorough canvass of the business and industrial districts of the city tomorrow in honor of "Republican Day" was effected yesterday. The canvassers will start from Republican headquarters, No. 431 South Spring street, early in the morning and will continue their campaign until late in the evening.

W. W. Mines, vice-chairman of the State Executive Committee, sent the following telegram to Francis V. Keating, chairman of the State Central Committee:

Republicans throughout Los Angeles county are responsive to your call for Republican Day, April 25. We are lining up solidly behind our "Bordwell-Chapman" nominees and are forming delegates and are informing voters of the Republican principles to start with Bordwell and stop with Chapman, the last twenty-six on the Republican ballot.

A similar telegram was sent to Mr. Keating by Dr. A. J. Scott, the energetic president of the Republican Club of Los Angeles County.

Cole is Coming Back.

Hon. Ralph D. Cole of Ohio, who made a brilliant address before a large gathering of Republicans at Chamberlain's Cafe several weeks ago, will return here in a few days and will be one of the principal speakers at the closing rally of the campaign to be held in Trinity Auditorium Saturday night. If he arrives in time an effort will be made to persuade him to speak at the mass meeting in Long Beach Thursday night.

Mr. Cole is one of the most forceful campaigners ever heard in Los Angeles. He made countless friends upon the occasion of his last visit here. It is the desire of the committee on arrangements to secure two or three more speakers of national reputation.

Most Going North.

Attorney John G. Mott, one of the Los Angeles nominees for delegates to the Chicago convention, who has been identified with politics here for many years, will go to Santa Barbara tomorrow, where he will be one of the speakers at a big rally. Mr. Mott will deliver a strong message from the south, and will impress upon the Santa Barbara folks the fact that California needs the Republican party more than the party needs it. Other speakers will be Hon. J. F. Stutesman and Francis V. Keating. John G. Mott is a prominent Santa Barbara attorney, who has always been loyal to the Republican party, standing boldly for its even cities the wave of conservatism swept his county, will preside.

Nevada Delegate Miss Root.

"There is no crystallized sentiment in Nevada in favor of any particular man for the Presidency," said Miss H. Root, Nevada delegate to the Republican National Convention from that State, at the Van Nuys yesterday. She said the Nevada delegation will enter the convention unprejudiced and unpledged.

"Personally, I would like to see the convention select some man who can unite the party, and would support Root at the National Convention. Such a combination would make a powerful appeal to the spirit of the American people, and would win hands down."

WOMEN REPUBLICANS HOSTESSES TONIGHT.

MORE than 500 tickets for the banquet and reception to be given in The Times assembly-rooms tonight in honor of the Republican nominees for delegates to the national convention had been sold late yesterday afternoon, and members of the Women's Republican League, under whose auspices the affair will be held, predicted that several hundred more will be disposed of today. A delegation of enthusiastic Republican women of Long Beach said they will be present thirty strong. Many others are coming from near-by cities.

The reception will commence at 6:30 o'clock, when all of the southern candidates and Albert E. Castle of San Francisco will be present. Mrs. Abbie E. Krebs and Mrs. Olive C. Cole will be special guests of honor. They are the only women nominees on the ticket and are expected to receive an immense vote at the primaries.

The hostesses will be Mrs. Cole, Mrs. J. D. Priddy, Mrs. John Robert White of Glendale, Mrs. E. Clark, who will preside as toast-guest; Mrs. M. O. Graves of Thousand Oaks; Mrs. Frederick Hickok; Mrs. Ella B. Meeker, Glendale; Mrs.

MAINLY BEAT BUSHES.

Immigration Inspectors Search South Half of State for Chinese Aliens, but Return with Empty Bags, the Game Having Flown.

Indicating how thoroughly the local district has been cleared of Chinese aliens, a general round-up of the territory, covering hundreds of square miles, was concluded yesterday by immigration inspectors, acting under orders of Capt. Charles T. Connell, inspector in charge, without locating a single Chinese illegally in the country.

The quest was by automobile, covering the territory from Santa Barbara and Fresno on the north to Calexico on the south. In the week's tour hundreds of gardens and Chinese colonies were visited. It is the first time in the history of the local immigration office that such a satisfactory condition has been shown, it being the usual experience to bring in a half-dozen or more on such round-ups.

Those in touch with the situation do not think for a minute that Chinese smuggling has been stopped, but they do believe that those in the game are finding it to their advantage to make handling north of Fresno and Santa Barbara. It is the favorite voyage for those who use the sea route to get load of Chinese into the country. The fact, also, that some of the most celebrated of the local smuggler operatives are on the inside of the penitentiaries at McNeil's Island and San Quentin accounts in a measure for the lack of contrabands in this jurisdiction at this time.

METHODS OF WORK IN "DRY" CAMPAIGN.

W.C.T.U. IN THIRTY-SECOND COUNTY MEETING.

Annual Convention of Los Angeles Federation to be Held in Hollywood, When Plans for Aiding the Prohibition Amendment in Fall Election will be Discussed.

Tomorrow evening the convention will participate in the regular sessions of the Southern Department of the W.C.T.U., and at 8:15 o'clock the convention sermon will be preached by Rev. Charles C. Selcman.

Among the events for Thursday forenoon will be the superintendents' hour, when the subject of "How My Department Will Help to Drive John D. Rockefeller Out of California" will be presented. At noon there will be a memorial service. In the afternoon there will be a parliamentary contest, in charge of Mrs. Clara Freeman; an address by Mrs. Hester T. In the evening the programme will include a half-hour for the women's branch and an illustrated lecture.

REPUBLICANISM COUNTRY'S NEED

Speaker Discusses Effect of Democratic Rule.

Pomona Delegate is Eulogized by Judge Neely.

Southern Candidates Given Rousing Welcome.

With six of the Republican candidates for delegates to the national convention present, the rally given by the Pomona College on the night of the most enthusiastic meetings of the southern campaign. More than 500 Republican men and women were in attendance.

The speakers were C. C. Chapman, ex-Judge Walter Bordwell, William C. Muehl, John G. Mott, Eugene W. Britt, L. L. Loutwater, all Republican candidates, and Judge C. G. Neely and Hon. J. F. Stutesman. The principal address was delivered by Judge Neely of Pomona College. He discussed the effect of Democratic administration upon the citrus industry, and talked about the outlook for a Republican victory at the May primaries.

Among other things, he said: "The people of this valley can trust such men as Charles C. Chapman. For years he served Pomona College on its board of trustees faithfully, sacrificing his time and energies without compensation. That is the type of men selected for your delegates by the legally constituted Republican convention at San Francisco."

These last twenty-six delegates are Republicans. They do not claim to be United-Republicans, and they were chosen by over 100 Republicans instead of a handful of six persons. These last twenty-six delegates did not have to change their registration in order to qualify as delegates. They are truly representative of Republican principles.

"The most comfortable man to do business with is a man who knows exactly what he thinks and who frankly tells you his opinion. He is a man who is not afraid of his convictions. You can measure that man and his mind."

"But the so-called independent man either doesn't know what he thinks, or is ashamed to tell you what he thinks. We are not independent in this valley; we are Republicans."

"You can't wander in a wilderness for four years, and in the end, forty, without adopting and proving some of them and then expect to get any place. The Republican party is wandering in a wilderness. It is a party that has wandered, to be lost and found once more."

"We must have a man who can use the words of our friends. Politics has come to have a bad name as a word, yet politics is the science of government, and we are ashamed as Republicans to be here this evening to help establish Republican government by more in control of our government."

Invest in a Loan

A loan which will enable you to make a profit greater than the cost of the loan is a wise investment. Our terms reduce the cost of a loan so that you may enjoy a greater margin of profit.

You repay a loan from us in monthly payments so that the amount of interest to be paid becomes smaller and smaller until the loan is eventually wiped out. You may make additional payments in multiples of \$100 and thus cut down the interest and wipe out the loan more rapidly.

We loan money on improved property for building and other legitimate purposes in amounts not exceeding \$5000. Our loan folder explains fully. Write or call for it.

THREE VICTIMS OF EXPLOSION.

Four Men of Reduction Plant Injured will Recover.

Inspection Fails to Reveal Cause of Disaster.

Cigarette may Have Ignited Garbage Boiler.

Following an investigation by the police and fire departments yesterday, Chief Snively and Chief Eley said they were unable to determine the cause of the explosion that resulted in the death of three men, injured four others and wrecked a portion of the Pacific Reduction Company's plant at No. 2554 Leonard street, Sunday night.

According to J. U. Gridley, vice-president of the Pacific Reduction Company, the explosion may have been caused by ashes from a lighted cigarette or a pipe accidentally dropped into the hand hole of one of the reducers by one of the three men who lost their lives as a result of the disaster.

Gasoline in Boilers.

Mr. Gridley said the reducing tank used for boiling garbage contained a large quantity of a gasoline solution.

"It is probable that the cover on one of these reducers had been left off by one of the men," Mr. Gridley said. "Although employees were warned against smoking in the building, one of the unfortunate men may have violated our rule. This theory, however, may not be proved, and further investigation may reveal some other explanation of the origin of the explosion."

PLANT IN OPERATION.

It was stated by Mr. Gridley that nineteen of the thirty-three reducers at the plant will be in operation today, and there will be a delay of two or three days in repairing the machinery. He said satisfactory arrangements had been made for the disposal of the city garbage. The damage was estimated at \$15,000 and the loss was said to be covered by insurance.

The three men who died yesterday from their injuries are E. G. Grandall, William Varney and Gus Rehder. The other four employees who received burns are recovering at the California Hospital.

Auxiliary Notice of the Fine Arts Exchange, Inc., Sale Tomorrow in the "Brack Shops."

If you are seeking worthwhile pictures, wherever to embellish your homes, and Ruskin says that "a home without pictures is like a house without windows," the sale tomorrow afternoon will present an opportunity to get examples of both European and American artists, many of them recognized masters. While the collection embraces only sixty pictures, it covers scenes in almost every clime; scenes of domestic life in Italy, in Germany, in Scotland, and America. Radiant California landscapes, nocturns (one by the great William Keith), sunsets, seascapes, portraying the tranquil as well as the turbulent moods of the ocean. In short, there is an unusually wide range of these.

Yesterday, the first day of the Exhibition preceding the sale, brought to the Exchange many ladies and gentlemen who were loud in their praises of the works of art, and also complimentary to Signor Marchetti upon the tasteful appearance of the gallery and his determination to give to the public such auction parlors as the people of other cities enjoy. The sale will be conducted by the well-known auctioneers, Strouse & Hull (assisted by Edward Curtis) and today devoted to another exhibition of the offerings.

Attend both exhibition and sale, and give encouragement to this initial auction enterprise of the Fine Arts Exchange, Inc., and to its worthy president, Signor Marchetti. STROUSE & HULL, Auctioneers.

SHAKESPEARE MEMORIAL.

Exercises in Memory of the Bard Held at University.

Classroom activities at the University of Southern California halted for an hour yesterday, while students and faculty did honor to the memory of Shakespeare in a brief programme.

Reginald Pole, noted Shakespearean scholar and producer, read several scenes from "Hamlet," and Dr. Allison Gaw of the department of English, spoke briefly of Shakespeare's many-sidedness. "Not only was he a great artist and a great dramatist, but he was a great philosopher, a great statesman, a great man of letters, a great man of action," he said. "He was a great poet, a great optimist, and a great business man. He is almost the only dramatist who could supply the three wants of theatergoers, as Victor Hugo defined them—action for the crowd, emotion for the women, and character-portrayal for the thinker."

When a Body needs a Tonic

THE careless capture of the first few days of Spring sunshine, the glorious sense of new life—and then—spring fever! Kept keyed to the highest pitch by a winter of exerting work and "too much indoors," the system suddenly lets go. Not seriously ill at such times—simply out of balance. What is needed is a tonic—yes, more of a food-tonic, to replace the accumulated fatigue with a fresh store of vigor in the shape of actual cell nourishment.

It is because Sanatogen presents albumen (the building) and organic phosphorus (the vitalizer) in easiest assimilable form that it has proven an ideal cell-food and tonic, to restore the balance to body and nerves during the critical days of the season.

Having tested it in actual practice upon thousands of physicians daily resorting to it in writing, as have also prominent laymen, such as Colonel W. W. Rorer, Secretary of the Navy, and John Burroughs and Rear-Admiral Lord, who know for themselves the help Sanatogen can give when a body needs a tonic, we are sure that Sanatogen will help in a most beneficial way.

Jury Finds for Man Whose Horse in

One of the infrequent "last clear
chances" came before a jury in
Judge Monroe's court yesterday. The
suit was brought against the Pacific
Electric by Charles Pfeiffer, who was
injured in an unusual manner.
It appears he left his horse stand-
ing unattended at a bank at Moneta
while he attended to business.
Hearing the whistle of an approach-
ing Pacific Electric train, he rushed
out, seized the horse by the bridle
and was swung onto the track. He

was struck by the fender, which
broke his leg.
Mr. Pfeiffer alleged the motorman
was negligent; that at the time the
horse became unmanageable the
train was several hundred feet away
and that the accident could have
been avoided by prompt measures.
The Pacific Electric contended the
train was only about thirty feet
away and that the motorman found
it impossible to avoid the accident.
Mr. Pfeiffer asked for \$15,000 dam-
ages. The jury gave judgment for
Mr. Pfeiffer in the sum of \$800.

IS COURT FIASCO
WEDDING PRELUDE?
FORMER WIFE OF JACK BARRY
STOPS CASE SHE BEGAN.

Rumors that Portland
Baseball Leader and Divorced
Spouse are to be Remarried Fol-
low Quashing of Charge that He
Threatened to Kill Her.

"Mr. and Mrs. Jack Barry."
Such a signature on a hotel regis-
ter or on invitations to a little party
would not be at all surprising to
friends of the ex-manager of the
Portland baseball team or of his for-
mer wife.

Yesterday Mr. Barry, who has
been operating in real estate in the
Hollywood district, appeared in Jus-
tice Palmer's court for a preliminary
hearing on the charge of threaten-
ing to kill his former wife, sworn to
by her. Just before the hearing was
to begin Justice Palmer was called
to the telephone and there listened
to Mrs. Barry explain she had prob-
ably been mistaken in her accusa-
tion.

"I don't want my former husband
looked up in jail. Maybe he didn't
say he would kill me, after all," she
informed the court. When Justice
Palmer informed Deputy District At-
torney Heinicke of what had trans-
pired the latter agreed to drop the
charge.

Constable Lyons, who arrested
Mrs. Barry, asked whether this ac-
tion did not present an early re-
marriage. The former ball player,
who has been divorced four years,
immediately went into a dissemi-
nation on the ability of his 8-year-old son
to emulate his father's ball playing.
About the alleged threat to kill
his former wife he said he happened
to be passing the apartment in
which she lived with the boy and
struck his head through a window
talk to the youngster. "Maybe I did
scare Mrs. Barry, but I honestly
didn't intend to."

When called on the phone to sub-
stantiate the possibility of a reunion
Mrs. Barry would not positively ad-
mit such a thing. She did admit
coming to Hollywood from Port-
land recently, "but only for my
health and that of the boy, you
know," she declared.

NEW-MADE MEN
VOICE PRAISE.
Sunrise Court's "Judge" and
His "Boys" at Worship.

Where Robin Sings Matin Lay
in Great Oak's Shelter.
Nest-robber Becomes Soloist
of Strangest Service.

Where the tufted leaves cluster in
the crook of an old oak tree in
Sycamore Grove, a robin sang a ves-
per lay of happiness Sunday night,
for the eggs of his mate were safe.
And their safety was due to perhaps
the most unusual Easter service in
the city.

In the morning before the bells
were heralding the approach of the
splendid Easter ceremonies in the
downtown churches, a group of men
collected on East First street. For
months it had been their habit to
collect there and arrange their Sun-
day plans for a day of drinking by
the stealthy processes a "closed"
Sunday demands. They were neatly
but plainly dressed, the result of
forewearing drink for three weeks.
They are graduates of the Sunrise
Court.

The men stood twenty minutes on
the corner. They discussed Easter.
Then one said: "Do you think he'd
do it?"
"Let's try," said two of them.
So a delegation of five of them
went to the Sunrise Court, where
Himman, August Goetz, William
Thompson and James Hand. Shortly
they presented themselves at the
apartment-house where about Jones,
"magistrate" of the Sunrise
Court, lay asleep, drowsing after
having been up for 5 o'clock to
attend to his morning judicial duties
at the police station.

"Tell him we want to see him on
an important matter," they said to
the clerk.
They were ushered to Magistrate
Jones's room.

"Judge," said Thompson, the
spokesman, "we don't belong to any
church. We ain't got no religion—
not much of any. But somehow since
we got us out of the house we want
to have a meeting of some kind to-
day. Would you be willing to talk to
us—just a few of us with no place
to go today?"

Mr. Jones said he would be very
glad to talk to them.
"Judge," said Thompson, "We're
your boys, you know. You made us.
Now Goetz here has bought an old
house in the white front lot, and
he's got the red-eye. We could come
around here and get you, and then
pick up some of the boys on the way
out."

Half an hour later Goetz, driving
a speckled horse, somewhat old and
also somewhat of a rascal, appeared
with one of the harness apices,
appeared in an ancient delivery
wagon. Mr. Jones mounted the seat
with him and they started for Syc-
amore Grove. At the hour luxurious
limousines were drawing up before
the house, and the boys, in their
smart gowns, in frock coats and silk
hats were entering the portals.

But out through the north end
of the house, where August Goetz
"Judge" Jones and Thompson and
the rest. Whenever they passed a
man idling at a corner, they
him to meet them in Sycamore
Grove, giving transportation when
the capacity of Goetz's wagon would
not permit, and the boys, in their
smart gowns, in frock coats and silk
hats were entering the portals.

What are you doing up there?
asked Magistrate Jones.
The prowl descended hastily. "I
was going to get some Easter eggs,"
he said, shamefacedly. "They ain't
any chance for me to get any today,
and I thought I'd take the robin."
They got a nest up there, and
crotch. I got to get out of two hen
roosts already."

"I'll get you some eggs later," said
"Judge" Jones, "but I'll get you some
we have a little meeting."

STRANGE SERVICE.
The stranger stayed. The meeting
was informal—prayer, at first, then
a song by all, and the magistrate
talked. He told them why he gets
up at 5 o'clock every morning to

at the police station. He told them

THE LIMIT FOR THE ASSESSOR IN BOOSTING THE ASSESSED VALUATIONS OF BOTH REAL AND PERSONAL PROPERTY. The tax-rata has not varied from the dollar limit in a generation, but the manipulation of the assessment roll has been incessant. Property in Los Angeles has made wonderful increases in actual value, but the average per cent of actual increase is not within halting distance of the percentage of increase that your tax receipt shows. A provision limiting the per cent. of increase which the assessor may make in any one year would have blocked this avenue for increased expense, BUT NO SUCH PROVISION APPEARS in the charter just submitted to the people for approval or rejection.

FOR THE DIGNITY AND SAFETY OF THE UNITED STATES.

It is extremely satisfying and pleasing to mark the words of Gen. Hugh L. Scott, chief of Staff, U.S.A., in which he definitely deleted the rumors that our troops were to be soon withdrawn from Mexico. "There is no prospect of withdrawal," Gen. Scott said.

Instead of finding fault with Gen. Funston and Gen. Pershing, which would have been quite agreeable to a certain group of politicians at Washington, Gen. Scott has backed up his fellow-officers, has approved their campaign and has added his own influence to their request for reinforcements.

The seriousness of a premature withdrawal from Mexico is so great that our citizens would do well to reflect upon it, even though all of the generals are opposed to any such action and seem to be supported by their opinion by the administration. The absence of an administration so conspicuous for its—one is tempted to say—loquacity, does much of late to make Americans apprehensive and to give substance to the incredible rumors. Though for many weeks it has been continuously reported at the expedition might be soon abandoned, it was not until Sunday that any member of President Wilson's Cabinet saw to deny the rumors; and then Secretary War Baker, to whose lot the announcement fell, worded it very cautiously. It was not like the blunt and plain remark made by Gen. Scott.

The Times does not believe that sentiment in the United States will permit troops to be withdrawn until their work is creditably done. And that means more than merely capturing Villa and protecting the border. Those are important considerations—important enough to justify entirely the expedition and all that it has done, or may do. But having entered upon the expedition, the United States has accepted more and more far-reaching responsibilities.

We are, to use an accurate metaphor, performing before the diplomats of the world and at a crucial moment in our foreign relations. We have sent what President Wilson himself has called an ultimatum to Germany. We have been significantly addressed by the Japanese Ambassador and asked to pay attention to the grievance of our country against the exclusion sentiment and laws of California. Both Germany and Japan would know better how to act if they had evidence to believe that the United States could be bluffed.

So it is that we are "performing" in Mexico with the sharp eyes of Oriental and autocratic statesmen upon us. A sign of weakness will give them their cue, and our embarrassment that follows for us will probably be such that it might require more men, more guns, more money

Life's Gentler Side—Society, Music, Song and the Dance—Los Angeles Theatre

SOCIETY.

Ushering in the Easter season, Mr. and Mrs. Erasmus Wilson were hosts to more than 150 guests at a brilliant dinner-dance at the Los Angeles Country Club last evening—a fancy dress affair. The Wilsons have an enviable reputation as entertainers, but this last function far surpassed any former effort, partly because of the handsome toilettes and because of elaborate decorations and perfection of detail.

The guests were seated for dinner at fifteen oval tables, resplendent in their crystal and silver appointments and holding for floral embellishment a graceful arrangement of delphinium of exquisite blue, iris in yellow and purple tones and Cecil Brunner rose buds in artistic baskets of pale blue, tied in gorgeous bows of yellow, pink and white tulle. Scattered over the boards were Cecil Brunner's buds and Mrs. Wilson's just before dancing started Mr. Carris Jacobson-Bond gave an intimate program of songs and dances.

Miss Nina Robinson of St. Louis, a niece of Mr. Wilson; Miss Lucy Cabell Barnett of St. Cloud, Minn., and Miss Doris Williams of San Francisco, all house guests in the Wilson home, were made the motif of the program. The trio of visitors, incidentally, are to be showered with social attentions while here. Hidden to the left of the main entrance were Maj. and Mrs. L. L. Krebs, Mr. and Mrs. Charles Sumner Kent, Mr. and Mrs. Eugene W. Britt, Mr. and Mrs. Alexander B. Barrett, Mr. and Mrs. James Tabor Fitzgerald, Mr. and Mrs. William W. Johnston, Mr. and Mrs. Edward Lawrence Doherty, Mr. and Mrs. Stoddard Jess, Mr. and Mrs. William J. Holt, Mr. and Mrs. H. Adams and Mrs. Robert Wankowicz, Mrs. Mark Sibley Lewis, Mr. and Mrs. Eugene Hawkins, Mr. and Mrs. L. Shirley and Mr. and Mrs. John H. Call.

Mrs. Wilson received in a magnificent Marie Antoinette costume of crimson and silver, with perfectly coiffed head-dress. Miss Wirtner was garbed in a Persian costume of delicate shading and handsomely embroidered. Miss Robinson was in Nile green, silver and white, created into a bewitching Turkish gown, enhanced with the filmy veil. An American girl, stunning in white and silver, and wearing a gorgeous silver hat, was Miss Barnett, all of the visitors making immediate conquests with their charming personalities and vivacity. Mrs. Eugene W. Cleopatra, wore masses of gorgeous, flashing jewels to set off her costume of rich yellow, with which she had a peacock hair ornamentation. Ingenious was the costume chosen by Mrs. Fitzgerald, who made a perfect French doll in a quaint dress of green, made low and trimmed with pink roses, and panned in white. Her hat was a masterpiece of the new hat, with a ribbon. Mr. Fitzgerald made a perfect Dutch boy in a well-carried-out blue and yellow outfit. American beauty and pink shades were utilized cleverly in Mrs. William W. Johnston's dress. Mrs. W. W. Johnston's dress was a Polly with a picture hat. Mrs. Krebs as a Spanish senorita looked smart, and Mrs. Holt, in an evening

dress of white velvet and chiffon, was herself, a queen.

So handsome a party has not been given since the Bachelors' Ball.

At Castle Sans Souci.

Dr. and Mrs. A. G. Schloesser are again to dispense charming hospitality at their palatial home in Hollywood, Castle Sans Souci, Saturday evening, having just issued invitations for a musicale—a pleasantly anticipated event.

Rubidoux for Easter morning service from the City of the Angels, were Miss Marcelle Craft, soloist at the service; George Osbourne, leading man of the "Mission Play," and Mrs. Osbourne, E. C. WOMEN'S WORK.

WOMEN'S CLUBS.

The man who sleeps at Stratford-on-Avon, and whose tercentenary is going to do more for Southern California than all your real estate men," said Tyrone Power, the living peer of Shakespearean actors and students, while "reminiscent" at the conclusion of the Ebell Club's superlative Shakespearean tercentenary commemoration yesterday afternoon.

Lacks Wind.

BY HOWARD ANGUS.

Charlie Ruggles and another new mustache began playing handball at the Los Angeles Athletic Club yesterday afternoon. Ruggles is to train a month and challenge Joe Lacey for the championship.

A year ago Ruggles was rated as one of the best handball players in Southern California. Joe Lacey and Ray Dunnigan alone could trim him. Ruggles' most famous game was probably with J. T. Donnell, whom he walloped 21-2, 21-1. This was played for the championship in class A and is the cruelest defeat on record for a title game at the club.

ONCE A WONDER.

In those days Donnell had a reputation on the courts and was doped to win. Ed Caley then was several notches below any of these players and was content to sit in the gallery and watch. The Big Moose admitted yesterday that Donnell could win games off him still. So Ruggles was a real player two years ago.

Since then he has been on Broadway, where the bright lights glitter. The only handball games that he has played in the last nine months have been in his sleep. His only exercise has come from dodging traffic across Forty-second on his way to and from the theater.

"About the only exercise I've had," explained Ruggles, "has been neck work—turning my head to watch the chickens go by. Also, I might add they were some chickens."

WIND WANTED.

Yesterday Ruggles worked out with Carroll Van Court. The actor-man went strong for two hot games. Then he blew. His hands turned the deep red of beet. The preparation seemed out of his body. His legs wobbled and he fell over. He was in the front court. The last game Van Court won. After his workout was all over Ruggles came to the conclusion that he will not be in condition to challenge the big boys until the middle of May.

The actor-man plays better handball to look upon than the champion, Joe Lacey. He covers the court with seemingly more ease than Ed Caley.

His game is the underhand one, ever which handball enthusiasts rave. The execution of the strokes were a joy to watch. Even yesterday, after nine months away from the game, his skill was working. Once in the front court, he drove the ball dead for the line where the walls meet the court.

CAN IT BE DONE?

All that he lacked was a little accuracy and a lot of wind. Ruggles is here to play a part in the "Canary Cottage" which is to follow "The Rat" at the Morocco. His expectations to be in the city some time and intend to reach the top of the club's handball chart.

He is sure that a man can go to Broadway and get away with it and promises to prove his contention by a genuine comeback.

WALTER EHLE HAS
VERY TOUGH JOB.

Walter Ehle, who has won the title of "Iron man" by his refusal to quit under fire, will undergo the acid test at the Vernon Athletic Club tonight, when he faces Steve Dalton, local lightweight champ, in the main event of the weekly boxing card. Dalton was hailed champion when he knocked out Joe White in one round last week.

Another fine bout is expected in the semi-final, when Cyclone Williams of San Diego boxes Kid Carter, the Mexican middleweight. Williams has scored every man sent against him at San Diego.

The first preliminary on tonight's program will begin at 8:30 o'clock with Tommy McFarland refereeing. Women will be admitted. The preliminary program:

Young Ugo vs. Harry Reed, 110 pounds; Young Ketchell vs. Joe Burns, 132 pounds; Joe Lopez vs. Battling Nick, 145 pounds; "Red" Matthews vs. Battling Reilly, 125 pounds.

MANUAL RELAY TEAM
TO SET NEW MARK.

The Manual Arts relay team will make a terrific effort to break the world's intercollegiate eight-man relay record Saturday at Bowd Field. The Toller relay artists have been practicing day and night lately and are in great condition for a speedy race. Coach Fritch is very optimistic over the prospects and predicts a new mark sure.

Young Ugo vs. Harry Reed, 110 pounds; Young Ketchell vs. Joe Burns, 132 pounds; Joe Lopez vs. Battling Nick, 145 pounds; "Red" Matthews vs. Battling Reilly, 125 pounds.

Several other track events will also be staged.

"POP" ARLETT IS
STILL WINNING.

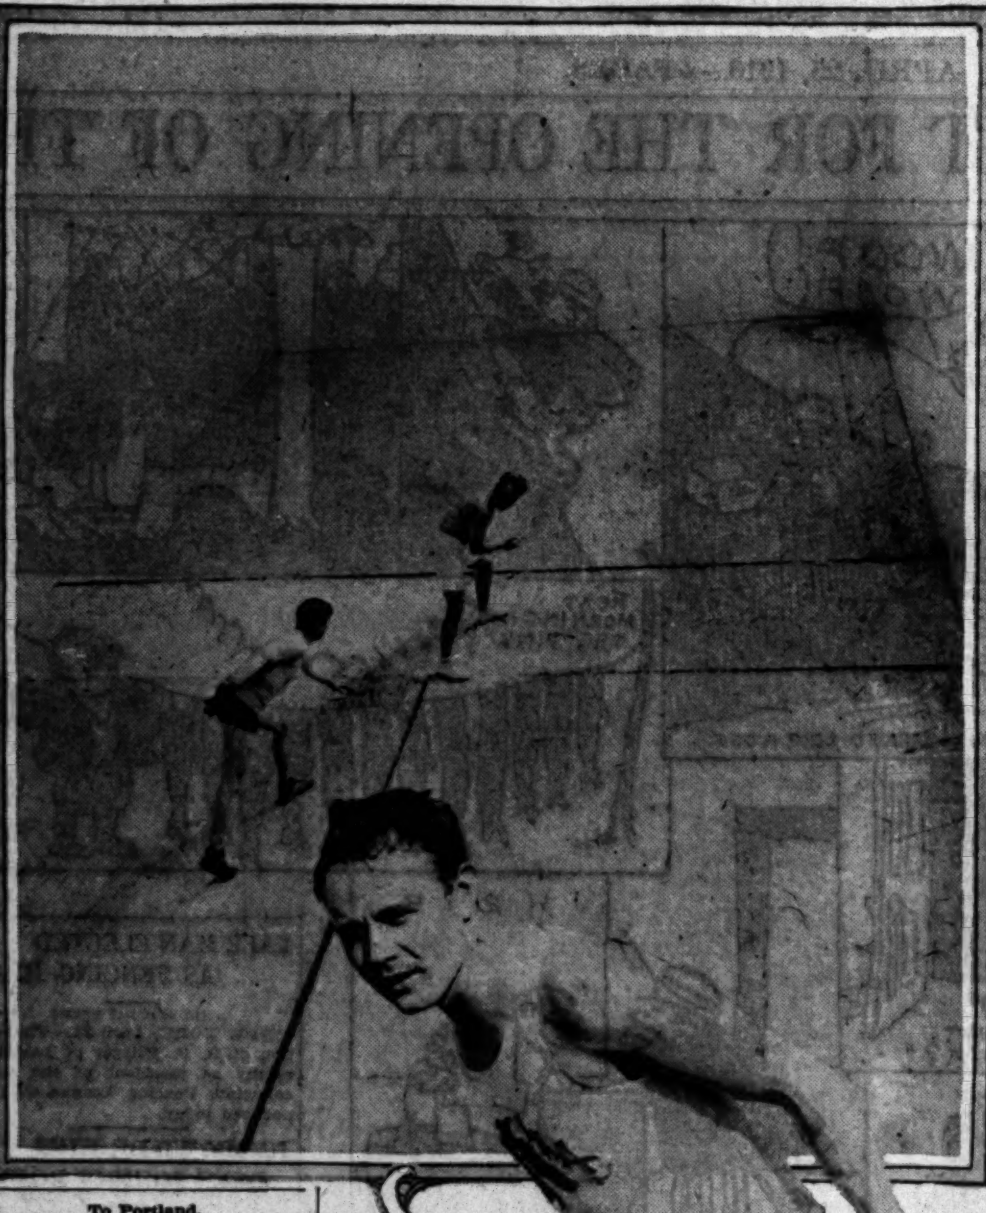

BY A. F. HUNT WEBER.
MARTINEZ, April 24.—Dan "Pop" Arlett of Oakland is the hero of this town today. Yesterday he pitched a no-hit, no-run baseball game for Martinez against a team of San Francisco tailors.

The minimum of twenty-seven men faced him. The game was a record for the number of batters.

Opposing batsmen haven't solved his delivery for a hit in the last eighteen innings. "Pop" has pitched.

FAMOUS BILLIARDIST
DIES IN NEW YORK.

BY DIRECT WIRE—EXCLUSIVE DISPATCH.
NEW YORK, April 24.—Firman Casagiol, champion billiards player of Europe, is dead today following an operation for intestinal trouble. Casagiol has been making a great hit in this country and was a serious contender for the American honors with William Hopper.

TO PORTLAND.
BILL RODGERS
MAY COME BACK.

CINCINNATI CLUB SHOWS SIGNS
OF RELEASING HIM.

Judge McCredie Receives Telegram Asking if Portland Would Consider Rodgers in Case He Were Released by Major League.

PORTLAND, April 24.—Manager Russ Hall released three players today and with two more on their way to Tacoma, the squad will show a net loss of one tomorrow thanks to Walter McCredie, who came to the rescue.

Pitchers Brown and Koch got the ax, while Catcher Bechtel gave way before the showing of Roberts and Bartholomew, the latter a McCredie cast-off. Koch had been ill through the training season and notified Hall yesterday that he could not play because of the orders of his physician. He was given his release.

Brown drew his after facing the berry day in being graded up. Bechtel is a good catcher and will make good material for any club in the league.

The two new players are Peterson, well-known to Tacoma fans, and Mullins, a left-hander, who worked last season in the Texas League. Mullins won twenty-three games and lost fourteen, according to the Texas League averages in Reisch's guide.

Quinn refused absolutely to go to any league of lower classification than the A. A. or A's and while Syracuse would have taken him back, it didn't want to pay for him. The McCredie could have sold him with a string attached to two different clubs, but Quinn blocked the deal, and he soon will be free to dicker for another berth for himself. He is trying to catch on in the International League.

COMING BATTLE.
Portland will battle with Vernon this week and the fans are anxious to see Ham Patterson, new Vernon pilot, make his initial bow as manager. Veteran fans remember when Ham used to hold down the initial corner for Vernon in the olden days, before he gained his great managerial experience at Wichita. Ham was considered a "rough-neck" then, but is said to have toned down considerably since those days, although still scrappy on occasions.

PORTLAND, April 24.—The track for the automobile races on Strawberry Day is being graded up, the curves banked, and the track roped to insure safety to the crowds who will be in attendance on May 6. The contestants will drive thirty-four laps, making a run of 74.8 miles. Beginning at Spencer street the course will extend north on Vermont to Olive street, west on Olive to Central, south on Central to Spencer, and back to the point of starting. A purse of \$225 will be divided between the winners, \$100 to the first, \$75 to the second, and \$50 to the third. The entrants are limited to fifteen and the race will be run under the auspices of the Automobile Association of America.

Pits and the starting point will be on the wide portion of Vermont immediately north of Central street. At that point there will be installed a score board which will show the position of the cars at all times.

THE latest come-back.
Here is Charlie Ruggles, just fresh from Broadway, New York, who is anxious to play Lacey for handball championship. Above he is shown playing in one of the handball courts at the club. He is the figure highest up. He has just landed a kill in the corner and has turned around to see how close Carroll Van Court is.

RAYMOND HITS IN
TERRIFIC STYLE.

The baseball game Sunday between the San Diego Cubs and the Wieland aggregation developed a new batting demon. This is none other than Jimmy Raymond, who managed to get five terrific wallops in six times at bat. Two of these bingles were home runs. The score of the slaughter was 21 to 6, and the winners stacked up enough hits to sink a ship.

Adams and Raymond, the battery for the Cubs, showed all kinds of class and were directly responsible for the big-league score.

HARD WORK GOOD
FOR THE BATTERS.

Coach Roy Haslett's baseball team has improved wonderfully in batting during the few weeks of the present season. Haslett claims that constant practice and lots of hard work have made the Polytechnic squad one of the best batting aggregations in the south. In the few league games played so far a decided improvement has been shown and the men are all showing signs of continuing the good work.

KNOWLTON TURNS
DOWN UMP JOB.

Bob Knowlton today turned down an offer from the Georgia-Alabama baseball league for an umpire berth. Knowlton has been umpiring around Los Angeles for the last several months in semi-pro games and has proved himself a perfectly capable umpire. He may be given a chance with the Coast League in case any of the present staff fall down.

BRITTON WINS WELTER TITLE.

Defeats Kid Lewis of England
in Twenty-round Bout.

Chicagoan Outclasses Opponent All the Way.

Lewis Forced About Ring in
Terrific Style.

NEW ORLEANS, April 24.—Jack Britton, Chicago, won undisputed claim to the welterweight championship of the world when he decisively defeated Ted "Kid" Lewis of England in a twenty-round bout at the New Louisiana Auditorium here tonight.

Britton clearly outclassed the Englishman in the great majority of rounds and there could be no doubt as to the decision.

UNANIMOUS.
The unanimous opinion of the newspaper writers at the ringside was that the Chicagoan had the advantage in at least twelve of the twenty rounds while Lewis could claim but four.

Contrary to expectations, Britton was the aggressor practically the whole way and time and again he forced Lewis about the ring with volleys of accurate left hooks and jabs and right uppercuts.

FINE CONDITION.
Both Lewis and Britton were in the best condition and when the men weighed in at 145 pounds ringside the manager of each stated that no excuses would be offered in the case of defeat.

Dan Morgan, Britton's manager, was seen to waver nearly \$1000 at the ringside at prevailing odds, which were 5 to 3 on Lewis.

FISHING PROSPECTS
EXCEEDINGLY BRIGHT.

SANTA MONICA, April 24.—Completing a 260-mile trip up the Ventura River and the Sespe today, Frank J. Townsend, cashier of a local bank, reports that steelheads and mountain trout are bigger than this year than ever before, and that fishermen stand a chance for bigger and better catches this season.

"The trout are bigger this year," said Mr. Townsend, "than they have been in ten years. The extra month allowed them has been very beneficial."

The two exploring cars went up to Ventura and up the river to Matilija and Wheeler's. The scout cars also went part way up the Sespe, to Hemlock, where it was reported that there is a little moss in the Ventura and some in the Sespe, but not enough to make much difference.

WEST ADAMS TEAM
CLAIMS CITY TITLE.

The West Adams M. E. basketball team claims the title of the Bible Class League as a result of its victory over the St. Paul team yesterday.

PREP SWIMMERS
ARE TO MINGLE.

Three high schools will hold a swimming meet at Venice tomorrow night. They are Poly Long Beach and Redondo. The meet practically carries with it the prep championship of the South.

At first it was to have been a wide open affair for prep and college, but the other schools did not feel like entering. They were not without reason.

FLAME DELHI FAILS
TO JOIN THE ANGELS.

Flame Delhi has failed to report to the Angels and fear is expressed that he has landed some other berth. Flame was turned over to the Los Angeles club by Pittsburgh, and he was ordered to report at once. He failed to show up and there are no signs of the star twirler. There is a possibility that Flame has signed with the Hayden club.

ASSOCIATION AFTER
JOHNNY WILLIAMS.

There is strong chance that Johnny Williams will be signed by some club in the American Association. This Hawaiian pitcher has been coming through with so much speed and control lately that he has attracted the attention of several baseball nuts who have recommended him for this job.

POSTPONES SHOOT.
